Season overview

The 2022 Indian Premier League was the 15th IPL season. It ran from 26 March to 29 May 2022, was administered by the BCCI, used the Twenty20 format, and featured 10 teams and 74 matches.

This season marked a structural shift because the league expanded from eight teams to ten. Gujarat Titans and Lucknow Super Giants entered the tournament for the first time, which forced a new group-based schedule.

Gujarat Titans won the title in their debut season, beating Rajasthan Royals by seven wickets in the final at Narendra Modi Stadium, Ahmedabad.

Tournament structure and venues

The competition used a group stage and playoffs format. With 10 teams, the league adopted two groups of five. Each team played 14 league matches within a schedule based on group opponents and a paired cross-group opponent.

League-stage matches were concentrated in Maharashtra: Mumbai, Navi Mumbai, and Pune. The playoffs moved to Kolkata and Ahmedabad.
